WEEKLY PRAYER

God of love and liberty, we bring our thanks this day for the peace and security we enjoy, which was won for us through the courage and devotion of those who gave their lives in time of war. We pray that their labour and sacrifice may not be in vain, but that their spirit may live on in us and in generations to come.

ISSUE 11

Dear Families,

Our External Review and Validation is currently scheduled for Term 3 this year. On Monday, all staff spent time writing the Reflection report. Our entire school community is vital in undertaking this review and developing our next School Improvement Plan. We will be seeking to engage families to review our current position (successes and development areas) and to determine key focus areas for our next four-year School Improvement Plan.

Thanks to all those students who made an effort to participate in the ANZAC Day Parade on Tuesday. It was a very moving experience and great to see the school represented so strongly.

The Western Trinity Cross Country will be held in Coleraine this year around the Silvester Oval Precinct on Thursday 4th, May. St Joseph's, Coleraine, St Malachy's, Edenhope and Sacred Heart, Casterton will come together from 10.30am - 1pm to run the course. Students are asked to wear their sports uniforms but are encouraged to wear house colours to support their team.

Parents are needed as officials to sit and watch the race from different points around the course. Please let us know if you can help out. Please park on the southside of Bryan Creek (before Silvester Oval bridge) to ensure the safety of students as they run the course.

Karl Dwyer
Principal

We acknowledge the Traditional Owners of the land where we work and live, the Gunditjmara people, and pay our respects to Elders past, present and emerging. We celebrate the stories, culture and traditions of all Aboriginal and Torres Strait Islander communities who also live and work on this land.

What's Happening in our School?

The tradies have been very busy over the last couple of weeks! Our Covered Outdoor Learning Area has been constructed, and plumbers have been busy this week connecting stormwater drainage. We are hopeful that this project will be fully completed over the next 4-6 weeks, with earthworks, concreting and the laying of synthetic turf still to take place.

Project Outcomes:

The construction of the COLA will provide the following outcomes for our students:

- increase in shade protection
- provision of an all-weather space
- improvements to surfaces for all year-round accessibility
- opportunity for physical education to be done outside all year-round
- increase in general weather protection within the school yard to enable students to have fresh air breaks even during poor weather
